Manish Sharma

Frontend developer

An independent and self-motivated hard-working individual dedicated towards goals.

Projects

Text to Speech converter
Many people have the problem of voice for different purpose so that I create a JavaScript base Text to Speech converter which convert the text into speech in different voices.

Calculator
I create a JavaScript base calculator which perform the basic calculation.

Age counter
I create a JavaScript base age calculator which calculate the date. We have to input the date and it give how many days, months, and years by speaking.

Education

Gorkha secondary school
Grade 11

Skills

- Creativity
- Leadership
- Organization
- Problem solving
- Teamwork
